EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Claims 31-117 are cancelled.

Allowable Subject Matter

2. Claims 1-8 & 10-30 are allowed over prior art of record.
3. The following is an examiner's statement of reasons for allowance:

The reference cited in the earlier rejection (Wistendahl) disclosed transmitting objects (N-data) for interaction by a viewer on a TV screen. However, appellant argued and the Board of Appeals agreed that claim 1 requires that the additional information is an object which is depicted by said picture by said pixels. The additional information is included in a descriptive stream provided separate from the video. This feature refers to the limitation recited earlier in claim 1, '*associating additional information with a video including a plurality of frames...identifying at least one of the frames representative of a picture composed of a plurality of pixels*' (emphasis added).

Since the object in the additional information is required to be depicted by **said** picture by **said** pixels (emphasis added), thus the object is depicted by **the** pixels from **the** at least one frame of **the** video, already mentioned in the claim.

Prior art of record does not teach the claimed limitations, as presented in the latest amended form, filed 4/27/06. Claims 2-8 & 10-30, directly or indirectly depend from claim 1, and are thus likewise allowable for at least the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any response to this action should be mailed to:
